

Painting a Star Smile!

Try some of our great Painting Activities!
A great way to for kids to get creative
while learning how to brush their teeth!

Toothbrush Painting

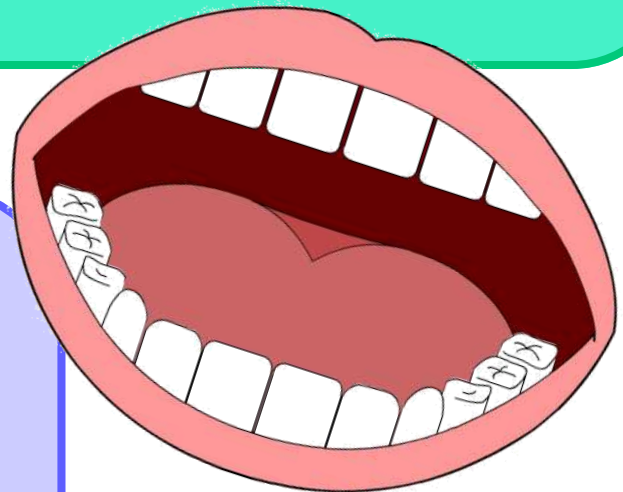

*You will need: Yellow Construction Paper,
Printer, Old Toothbrush & White Paint.*

1. Print the large image of our smiling star and/or sun on a yellow piece of construction paper.
2. Using an old toothbrush, dip the bristles in the white paint and practice brushing your teeth.
3. Use the same motions you would use to brush your teeth to paint your characters teeth.
4. Make sure to fill in the entire mouth, giving your character a bright white smile!

Smile Sponging

*You will need: Red or Pink Construction Paper, Printer,
Sponges, Scissors & White Paint.*

1. Print the large image of our smiling mouth on a red or pink piece of construction paper.
2. Cut the sponge into different sized square pieces.
3. Have children sponge paint 10 upper teeth and 10 lower teeth into the mouth or have them count their own teeth and try to make it match their own smile.

Make it more fun!

***Add Mint Extract to the white
paint to make the smiles
minty fresh!***
