

TOOTHBRUSH PAINTING

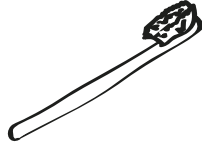

Materials Needed:

Yellow / Orange
Paper

Computer
Printer

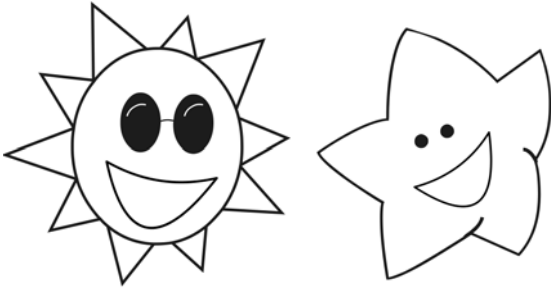

Old / Used
Toothbrush

White
Paint

Template Images:

Instructions:

1. Choose the template image you wish to use; the Sun or Star.

(Templates can be found on the Crafts For Kids Activity Page)

2. Print the template image on a piece of yellow / orange construction paper.
3. Squeeze a small amount of white paint onto a disposable plate/paint tray.

(MAKE IT MORE FUN! Add Mint Extract to the white paint to make the smiles smell minty fresh!)

3. Using an old toothbrush, dip the bristles in the white paint and begin painting.
3. Use the same motions you would use to brush your teeth to paint your characters teeth.
4. Make sure to fill in the entire mouth, giving your character a bright white smile!
